ORGANIC WHOLESOME BREAD

gluten-free bread with gluten-free sourdough

- high protein
- high fiber + low sugar
- Wholesome for us means using high-quality organic oil-seeds, such as flaxseed and delicious organic oatmeal. A delicious and nutrition-conscious choice.

PREPARATION INSTRUCTIONS

FRESH BAKED GOODS

Individually and securely packaged for guaranteed safety all the way to the consumer. The freshpack ensures natural oxygen absorption in the packaging of the fresh baked goods.

In preheated oven, without packaging, at 180 °C top/bottom heat (160 °C convection oven) for approx. 10 - 13 min.

Toast rolls in portions and bread in slices as desired.

NOTES & TIPS: The Freshpack must not be consumed! Remove Freshpack before freezing. Store in a cool, dry place. After re-heating, store in a dry place and consume promptly. Do not refreeze.

DEEP FROZEN BAKED GOODS

Deep-frozen and individually packaged in oven-proof packaging with viewing window! For guaranteed safety all the way to the consumer. Thaw breads and rolls in packaging at room temperature.

For more crispness, place with or without packaging (remove label beforehand), in preheated oven at 180 °C top/bottom heat (160 °C convection oven) for approx. 10 - 15 min.

Toast without packaging in the toaster as desired.

NOTES & TIPS: Store product in a cool, dry place after heating/thawing. Consume promptly and do not refreeze once thawed. Packaging not suitable for gas stove and microwave oven.
